WARRIOR UNIVERSAL PANEL & LICENSING

VIDEO STORYBOARD • 15–30 SECONDS

A shot-by-shot guide for the graphic design team.

Respect the 2026 Brand Voice Manifesto.

All visuals use the SDS brand color palette.

SEQUENCE SUMMARY

1 OPEN
SDS Logo Reveal
+ Tagline

2 CREDIBILITY
34 Years of
Field-Validated Excellence

3 WARRIOR
The Industry Standard
in Subsurface Intelligence

4 RELIABILITY
Mission-Critical
Service & Support

5 NEXT GEN
Introducing the
Universal Panel

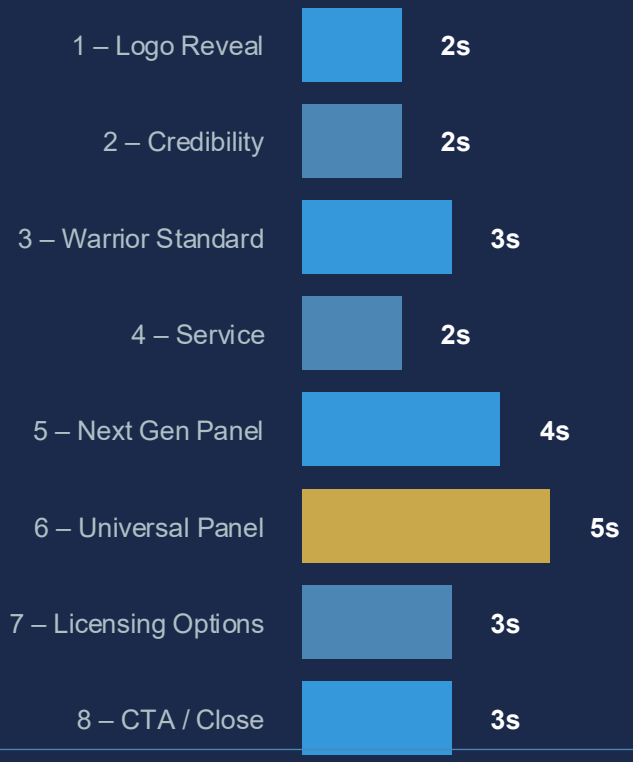
6 UNIVERSAL
One Panel — Every Tool,
Every Manufacturer

7 LICENSING
Flexible Lease
& Purchase Options

8 CLOSE
CTA + Digital Cloud
Connection Tease

8 Scenes • 15–30 Second Runtime • Fast Cuts, Cinematic Pacing

TIMING SUMMARY



TOTAL RUNTIME: ~24 SECONDS (expandable to 30 with extended Scene 6)

MESSAGE SUMMARY

1	SDS — The name behind the data.	*Quiet Confidence*
2	34 years field-validated. Built for the next 40.	*Modern Wisdom*
3	Warrior: The platform the industry runs on.	*Verifiable Integrity*
4	Mission-critical support. Day or night.	*Frictionless by Design*
5	The next generation of subsurface intelligence.	*Rugged Tech*
6	One panel. Every tool. Every manufacturer. No limits.	*Openness / Interoperability*
7	Lease it. Buy it. Scale it. Your data stays yours.	*Data Sovereignty*
8	The future is connected. Are you?	*Vision / Impact*

SCENE 1 — LOGO REVEAL

2 seconds

VISUAL DIRECTION

Dark screen fades in. SDS logo materializes from digital particles/data points that converge into the logo shape. Subtle pulse of Signal Blue light behind logo.

TEXT ON SCREEN

SDS logo
"Digital Precision for a Physical World"

AUDIO / SOUND

Low industrial hum → resolves into a clean, confident tone.

MOTION / CAMERA

Particle convergence animation. Logo locks into place with a subtle metallic 'click' feel. Slight camera push-in.

BRAND VOICE NOTE

Set the tone of Quiet Confidence. No flash — just certainty. Dark BG (#0f1c33) with Signal Blue (#3498db) glow.

Emotional: Quiet Confidence

SCENE 2 — CREDIBILITY — 34 YEARS

2 seconds

VISUAL DIRECTION

Quick montage of wireline field footage — trucks, wellheads, crews in hard hats. Images desaturated slightly, treated with a blue-steel color grade. Text overlays.

TEXT ON SCREEN

"Founded in Houston"
"Proven Globally"
"34 Years Field-Validated"

AUDIO / SOUND

Steady, confident percussion builds. No voiceover — let the visuals speak.

MOTION / CAMERA

Fast cross-dissolves between 3 field images (0.6s each). Text fades in/out synchronized to cuts.

BRAND VOICE NOTE

We aren't 'old' — we are battle-tested. Use Modern Wisdom voice. Visual treatment should feel premium and industrial, not nostalgic.

Reputation: Modern Wisdom

SCENE 3 — WARRIOR — THE STANDARD

3 seconds

VISUAL DIRECTION

Warrior software interface appears on a rugged field laptop / panel screen. Show real log data scrolling in real-time. Camera slowly orbits the screen at an angle.

TEXT ON SCREEN

"WARRIOR"
"The Platform the Industry Runs On"

AUDIO / SOUND

Data-acquisition beep tones layered with score. Subtle urgency.

MOTION / CAMERA

Screen fills frame. Log data scrolls in real-time. Text overlay slides in from left. Slight parallax on background.

BRAND VOICE NOTE

This is the hero moment for the software. Show it in its native habitat — the field. Emphasize Verifiable Integrity. The data is real. The results are clear.

Trust: Verifiable Integrity

SCENE 4 — SERVICE & SUPPORT

2 seconds

VISUAL DIRECTION

Split frame: Left shows SDS technician on a phone/headset. Right shows a field engineer receiving guidance on-site. Connected by a subtle data-stream graphic between them.

TEXT ON SCREEN

"Mission-Critical Support"
"Day or Night"

AUDIO / SOUND

Score resolves to warmth — human connection moment.

MOTION / CAMERA

Split-screen reveal (wipe from center). Data stream animates between the two halves.

BRAND VOICE NOTE

Peer-to-peer relationship. We speak your language because we've walked your site. Culture: The Engineer's Engineer.

Culture: The Engineer's Engineer

SCENE 5 — THE NEXT GENERATION

4 seconds

VISUAL DIRECTION

Camera push through a digital tunnel / data corridor that opens to reveal the new Universal Panel hardware. Dramatic reveal. The panel sits on a dark surface with edge lighting in Signal Blue.

TEXT ON SCREEN

"THE NEXT GENERATION"
"OF SUBSURFACE INTELLIGENCE"

AUDIO / SOUND

Score hits a crescendo on reveal. Deep bass hit as panel appears.

MOTION / CAMERA

Tunnel fly-through → hard cut to panel reveal. Panel rotates slowly on turntable. Edge-lit with blue accent. Slight lens flare.

BRAND VOICE NOTE

This is the transition moment — legacy meets future. Identity: Rugged Tech. 'Digital precision for a physical world.' The panel should look premium, industrial, engineered.

Identity: Rugged Tech

SCENE 6 — UNIVERSAL PANEL — THE HERO

5 seconds

VISUAL DIRECTION

Close-up details of the panel. Show multiple tool connections lighting up. Icons or labels float near connection points showing different tool manufacturers. Panel pulses with activity.

TEXT ON SCREEN

"ONE PANEL"
"EVERY TOOL. EVERY MANUFACTURER."
"PLUG AND PERFORM."

AUDIO / SOUND

Rhythmic data tones — each connection 'lights up' with a satisfying click/tone. Score maintains energy.

MOTION / CAMERA

Macro camera moves across panel surface. Connection points illuminate sequentially. Text appears in sync with each connection lighting up. End on full panel hero shot.

BRAND VOICE NOTE

This is the longest scene — the product hero. Emphasize interoperability and openness. Values: 'Interoperability isn't a feature; it's our philosophy.' Show that this panel doesn't lock you in — it unlocks every tool's potential.

Values: Openness is Our Strength

SCENE 7 — LICENSING & OPTIONS

3 seconds

VISUAL DIRECTION

Clean infographic-style layout on dark background. Three columns or cards appear showing Lease / Purchase / Scale options. Minimal, elegant treatment.

TEXT ON SCREEN

"LEASE IT. BUY IT. SCALE IT."
"YOUR DATA STAYS YOURS."

AUDIO / SOUND

Score settles — clarity and simplicity. Clean, decisive.

MOTION / CAMERA

Cards slide in from bottom, one at a time (left → center → right). Gold accent on CTAs. Final line fades in below.

BRAND VOICE NOTE

Data Sovereignty message. We don't lock clients in; we unlock their tools' potential. Cards use Card Surface (#243352) with Technical Gold (#c9a84c) accent borders.

Trust: Data Sovereignty

SCENE 8 — CTA — CLOSE

3 seconds

VISUAL DIRECTION

Pull back from panel to show it connected to a cloud/network visualization — data flowing upward into a digital ecosystem. Resolves to SDS logo + contact information.

TEXT ON SCREEN

"THE FUTURE IS CONNECTED."
"ARE YOU?"

sds.us • Contact SDS

AUDIO / SOUND

Score resolves to the opening tone — bookend. Clean finish.

MOTION / CAMERA

Data stream rises from panel → cloud visualization → dissolve to logo lockup. Final frame holds for 1.5 seconds.

BRAND VOICE NOTE

Vision: 'Standardizing the way the world reads the earth.' End with forward momentum. The cloud connection teases the next chapter without overselling. Leave them wanting more.

Vision: Subsurface Intelligence

NOTES FOR DESIGNERS

BRAND MANIFESTO

Please reference the SDS 2026 Brand Voice Manifesto for tone, vocabulary, and voice pillar guidance. Avoid words like 'vendor lock-in,' 'interlock,' 'data silo,' and all unnecessary jargon. Simplify technical language to common terms.

COLOR PALETTE

Signal Blue #3498db (CTA/Active) • Steel Mid-Blue #4b86b4 (Structure) • Slate Base #628ca3 (Secondary)
Dark BGs: Midnight Navy #0f1c33, Deep Navy #1b2a4a, Card Surface #243352
Gold Accents: Technical Gold #c9a84c (Primary CTA), Deep Gold #a8873a (Hover), Gold Light #f0dfa0 — use gold sparingly.

TYPOGRAPHY

Bold, high-contrast, industrial. Weighted and intentional. Headlines should feel decisive. Body text should be clean and legible. Avoid anything that feels 'sales-y' or flashy.

VISUAL TONE

High-contrast and industrial. 'Rugged Tech' — digital precision for a physical world. Desaturated field footage with blue-steel color grading. Product shots should be premium, edge-lit, engineered.

PACING

Fast cuts for Scenes 1–4 (brand credibility). Scene 5 is the dramatic reveal. Scene 6 gets the most time — this is the product hero. Scenes 7–8 resolve cleanly.

KEY BRAND PHRASES

"Sleep better knowing the data is caught." • "Your data is yours." • "Interoperability isn't a feature; it's our philosophy." • "Digital precision for a physical world."
